

Origo™ Vac Original Arm

An all-round fume extraction arm for medium welding applications

Origo™ Vac Original Arm is specially designed for working environments with fumes vapours or non-explosive dust where extraction is needed.

The arms are connected to a vacuum and filter system which remove the contaminants from the extracted air to give a sound, safe and efficient welding environment to the welder.

The Origo™ Vac Arm is available in 2m and 3m lengths and is equipped with a damper in the hood as standard which opens and shuts the connections to each extraction point therefore improving the efficiency and operation costs.

Key Features

- The Origo™ Vac Arm can be mounted in combination with the Origo™ Vac Fan and Origo™ Vac Wall Mounted Filter
- Flexible and simple to position, extend and retract
- Swivel allows the product to rotate 360 degrees
- Equipped with a damper in the hood as standard - saves energy when not in operation
- Hood can be tilted in all directions
- Available in 2m or 3m lengths
- Optional light kit for hood for easy on/off action
- Optional on/off combined with the Automatic Filter System on hood
- Interchangeable with the addition of a bracket on wall mounted systems

Technical Data

	Origo™ Vac Arm 2m	Origo™ Vac Arm 3m
Reach	2 meters	3 meters
Airflow m3/h	700-1000	700-1000
Dimension of Hose, mm	150/160	150/160
Max. fume temperature deg/C	70	70
Weight, kg	11kg	13kg

Ordering Information

Origo™ Vac Original Arm 2m (excluding wall bracket)	0700 003 032
Origo™ Vac Original Arm 3m (excluding wall bracket)	0700 003 033

Optional Extras

Origo™ Vac Wall Mounted Filter	0700 003 040
Origo™ Vac Fan N24 1ph	0700 003 229
Origo™ Vac Fan N24 3ph	0700 003 020
Origo™ Vac Fan N29	0700 003 022
Wall bracket 2m and 3m	0700 003 218

Quality protection for the professional welder

As health and safety standards improve year on year so does ESAB's commitment to providing a product portfolio capable of meeting the ever-increasing demands of the markets we serve.

In addition to fume extraction units ESAB can offer protection for the welder -from disposable masks to respiratory equipment.

ESAB have a comprehensive range of Personal Protection equipment, covering everything from head to toe, for both welding and cutting and general engineering applications.

Products and solutions - Additional fume extraction solutions

Portable and Mobile Filter Systems

CarryVac

- Small, lightweight, portable extraction unit
- To be connected to a welding torch or an extraction nozzle
- Automatic start/stop function when welding

Origo™ Vac C10 Unit

- For light- medium welding applications
- Cleanable long life filter keeps operating costs low
- Extraction arm swivels 360 degrees
- Lockable wheels for portability and movement

Origo™ Vac Cart

- For light- welding and extraction applications
- 2 or 3m Extraction Arm
- Available in two versions – with or without spotlight
- Large back wheels and lockable front swivel wheels for outstanding mobility and safety

Wall Mounted Systems

Origo™ Vac Fan Series

- A range of fans from 0.75kW to 2.2kW
- Highly efficient eco-friendly fan wheel
- Available for wall mounting or with floor stand

Origo™ Vac Wall Mounted Filter

- Simple and quick installation – few parts
- Filtration efficiency is 99%
- Can be fitted with various Origo™ Vac arms

Origo™ Vac MD Arm

- Sturdy arm for medium to heavy applications
- Required airflow 900-1300 m3/h
- 160mm hose

Origo™ Vac HD Arm

- For tough welding and metal working applications
- Required airflow 1000-1900 m3/h
- 200mm hose
- Metal hood
